PRINCIPLES OF THE YOUNG CARER POLICY

Policy Date: March 2024

Senior Leadership: K.Stray

Governor: _____

Young Carer Champion: J.Lawrence

Review Date: March 2025

We recognise that many students will have caring responsibilities at some point during their time at The Cornerstone Academy, and that these responsibilities can impact a student's performance in any area of the curriculum; a whole school commitment is therefore necessary. The Cornerstone Academy, acknowledge that high standards and expectations are crucial to enhance personal and academic progress for all students, including those with caring responsibilities. We believe that all pupils should be equally valued and strive to eliminate prejudice and discrimination. We aim to create an environment whereby all students will flourish and feel safe and that seeks to remove barriers to learning and participation. The importance of enhancing positive self-esteem is also recognised, which allows opportunities for increased engagement, social development, and achievement.

Therefore, additional provision for young carers is balanced with appropriate challenge to

The Cornerstone Academy will engage with MYTIME Young Carers through their Level-Up Programme, which aims to improve the knowledge of staff in supporting and identifying young carers, and of students by educating them regarding the role which young carers may carry out outside of the school day and the impacts their role may play on day-to-day life and future choices. Additionally, children will understand the impact their decisions have on a young carer's life.

Our young carers policy takes account of findings and recommendations given by Barnardo's Still Hidden, Still Ignored; Who Cares for Young Carers? report published in 2017, and the Children's Commissioner's Voices of England's Missing Children report, published in 2022, which both emphasise the role and accountability of school staff and procedures regarding provision for, and progress of, young carers. This guidance suggests that schools have a key part to play in the provision of holistic and effective support to young carers, and our Governing Body will ensure that we fulfil this responsibility.

The Cornerstone Academy acknowledges the need to keep up to date with advice, publications, and research regarding provision for young carers, and therefore this document is subject to review at regular intervals.

This policy has been produced in collaboration with local experts, MYTIME Young Carers

AIMS OF YOUNG CARER PROVISION

- To raise awareness of young carers among staff and to ensure the identification of all young carers as early as possible on entry to the school and make referrals when necessary
- To foster respect and understanding towards young carers among all students
- To address any underlying inequalities between young carers and other students in a graduated and timely manner
- To improve the progress and raise the standard of achievement for young carers
- To support young carers in improving their attendance
- To ensure that young carers feel included and supported within their school community as possible, and that reasonable adjustments made to promote this
- To protect young carers from unjust treatment due to their caring role and improve co-ordination with other agencies and support services
- To give young carers a voice in the school community and that they are involved in decisions affecting young carer provision
- To ensure that staff recognise that flexibility may be needed when responding to the needs of young carers

Definition and identification of a young carer

The Cornerstone Academy, definition of a young carer is a child, under the age of 18, who is either the main carer, shares a caring responsibility for, or whose day-to-day life is impacted by someone in their home, which extends to a sibling or siblings, parent, both parents or a grandparent, who has a disability, illness, mental health condition, misuses or is addicted to substances, or is unable to fully care for themselves. Our definition also includes young adult carers (18 to 25 years old) who may operate within our sixth form.

Although having a definition of a young carer is important, many will remain hidden from view due to the impacts they feel it may potentially have on their family situation. Caring can be a tiring, thankless and onerous task, and because of the additional responsibilities at home, a young carer might experience other signs which can be used as a potential identifier. Some of the signs, but not limited to, could be:

- Being late or persistently absent
- Concentration problems, anxiety or worry
- Tiredness or perceived tiredness
- Poor homework record
- Poor or lower than expected attainment
- Behavioural problems, or changes in behaviour
- Low engagement in extra-curricular activities
- Isolation or lack of obvious friendships
- Limited social skills
- Reporting of bullying
- Not engaging in other elements of school support
- Low self-esteem
- Difficulty in engaging parents

EQUALITY AND DISCRIMINATION

The Cornerstone Academy aims to make reasonable steps to ensure that young carers are not placed at a substantial disadvantage compared to other students, and to ensure equal educational and social opportunity for all.

The Cornerstone Academy, strives to maintain a climate of tolerance, understanding, respect and trust that allows all students and staff irrespective of background or personal circumstances to feel safe and be safe from any form of discrimination or emotional harm. This young carer policy is supported by other school policies including our equality policy and anti-bullying policy which can be viewed separately on The Cornerstone Academy, website.

Strategies To support young carers

A multitude of strategies can be implemented at various levels within a school to ensure that young carers are identified, supported, and enabled to succeed both academically and socially. This requires a collaborative approach where every adult is held accountable for young carers.

SYSTEMS AND PROCESSES

- To include space on school application forms for parents to declare:
- Application pack to include young carer registration
 - a) Whether or not their child is a young carer
 - b) Whether or not their child is registered as a young carer
- To create a young carer, register accessible to all members of the pastoral team and any other necessary staff
- To monitor the attendance of young carers and respond accordingly with appropriate intervention
- The school will add the pupil to the vulnerable pupils' list
- To ensure that young carers have the opportunity to contribute to the discussion around the schools' provision for young carers.
- To maintain and regularly review our young carer's policy

ENGAGEMENT WITH THE LEVEL-UP PROGRAMME

To engage in MYTIME Young Carer's Level-Up Programme, where the school pledges:

- To ensure that all school staff receive training on how to identify and support young carers through CPD
- To appoint a young carer champion, who is held to account by a dedicated member of SLT and an appointed Governor. The young carer champion will be responsible for maintaining a young carer support group and corresponding with external agencies such as Dorset and BCP council to stay up to date on a young carer's circumstances and needs
- To raise awareness of young carers, to develop a culture of respect for young carers among the student community, and to encourage young carers to come forwards
- To host MYTIME young carer assemblies and PSHCE lessons
- To engage with MYTIME Young Carers in providing opportunities for young carers (Zoom Youth Group, making memories days, Christmas, and Easter events)
- To sign up to the Level-Up and MYTIME newsletters
- To create and organise a young carer group and young carer display board visible by students and staff

IN SCHOOL SUPPORT FOR YOUNG CARERS

- To offer extra-curricular opportunities for relaxation, leisure, and social connection for young carers
- To support young carers in getting to and from the school, and where necessary, provide advice to parents if there are difficulties in transporting a young carer to school
- To offer a programme of careers advice and guidance and, where possible, work experience placements. Furthermore, to build the career aspirations of young carers by taking them to open days and on tours of further education establishments
- The school will provide young carers with opportunities to speak to someone in private, and will not discuss their situation in front of their peers
- To ensure young carers can access all available support services in school
- To ensure that young carers have access to the mental health support available across the school where necessary
- The school will create young carer passports which all staff can access
- To be identified on registers and seating plans
- To make reasonable adjustments to usual School policies and show flexibility on a case-by-case basis regarding issues such as lateness to school, late homework, and poor attendance. These include, but are not limited to:
 - access to a telephone, during breaks and lunchtime, to phone home, with pastoral support or independently
 - negotiable deadlines for homework/coursework by speaking to the Young Carer Champion (48 hours) if required
 - access to homework clubs during the school day (where these are available)
 - identifying support for young carers and their family to enable them to attend school trips and educational activities
 - With support from the young carer champion, young carers will have access to a reflection card if required
 - lunchtime detentions to be considered rather than after school detentions (where possible)
 - arrangements for schoolwork to be sent home (when there is a genuine crisis); any approved absence for a young carer will be time limited (DfES 2006)
 - access for parents with impaired mobility
 - alternative communication options for parents who are sensory impaired or housebound

REFERRAL AND EXTERNAL AGENCIES

- The young carer champion will consult with relevant colleagues, and other relevant agencies, regarding their caring responsibilities, with the consent of the young carer
- The school will follow child protection procedures regarding any young carer at risk of significant harm due to inappropriate levels of caring
- The school will promote discussion and learning in all areas of the curriculum to facilitate fuller understanding, acceptance of and respect for, the issues surrounding illness, disability and caring
- Where appropriate, the school will refer a young carer to the local authority for a referral

Young Carer Voice

Following a recent student voice session, the young carers of The Cornerstone Academy, have identified the following points to be considered best practice when supporting young carers in school:

- We have discussed in group, that the students would like to have an extra time allowance if they are late with homework.
- To not have as many study zones as these impact at home if they have duties, i.e. collecting siblings for parents.
- To be allowed a "time out" to check their phone IF they know who they are caring for is having a bad day or having procedures done.
- Young carer champion checks in with each student when we are doing an activity.
- The students have said they would like to continue to do assemblies with MyTime.

To supplement the school policy, the young carers have created an agreement/young carers guidance document to demonstrate how they are taking ownership of their schoolwork, in line with their caring role. The teachers at The Cornerstone Academy, have pledged to support young carers on a case-by-case basis, and the young carers at The Cornerstone Academy, have pledge to:

- If the student knows they are falling behind, they know to speak to the subject teacher, progress, or Young Carer Champion to make them aware and to be able to put things in place.
- The same as above applies to being late.
- To let the Young Carer Champion know if they are struggling and to offload if they need to.
- Young carer champion checks in with each student when we are doing an activity.
