NOTES:

Behaviour of Visitors Plan

The Cornerstone Academy is committed to ensuring the welfare and the educational progress of its students, working closely in partnership with parents, carers, and ensuring the safety of the staff and students.

Parents and other visitors are expected to behave in a reasonable way towards members of the school community.

Types of behaviour that are considered unacceptable are outlined in the UL Behaviour policy.

There are several options that the school can choose to adopt when dealing with unacceptable behaviour from visitors. These are outlined in the UL Behaviour of Visitors policy and Staff Protection Policy.

The Cornerstone Academy adopts United Learning's Staff Protection Policy and follows its procedures.

We have one entry point for visitors into the school located at the front entrance.

All visitors are required to sign in electronically, and visitors' badges should be worn.

All visitors are reminded of Health and Safety procedures and are escorted throughout the building.

If at any time a visitor behaves in an unacceptable manner, then they will be asked to leave the premises immediately. The UL Staff Protection Policy and its guidelines would be followed.

This policy is cross referenced with:

- Schools Safeguarding/Child Protection Policy
- Department for Education's Prevent Agenda
- United Learning Behaviour of Visitors policy
- United Learning Staff Protection Policy
